

World water day

Erasmus+ Digital bridges

21.3.2022., OOU Mirce Acev Skopje, North Macedonia

By Ema Starčević, Matea Štefanac Mihaljević, Nika Aljinović, Ela Žnidarić and Ana Marić (Ivo Andrić Primary school)

WEALTH OF CROATIA(WATER)

- ❖ Water is our wealth
- ❖ Croatia has the highest water supply in EU
- ❖ Our country has 26 billion cubic meters of water a year
- ❖ Jamnica is our biggest producer of mineral water (190 years)
- ❖ Because of how clean our water is, it is completely safe to drink tap water, in all regions!
- ❖ Southern Croatia has the cleanest water
- ❖ More than 87% of Croatian population uses public water supply and drinks tap water
- ❖ Tourists are often surprised about how clean our water is

ADRIATIC SEA (Jadransko more)

- ❖ There are 1244 islands
- ❖ The sea is very clean and clear
- ❖ The sea is relatively warm
- ❖ The Adriatic sea is considered one of the saltiest seas in the world.
- ❖ The average depth of the Adriatic Sea is 173 meters
- ❖ A lot of tourists say that our sea is the most beautiful sea in the world

NATIONAL PARKS

NP MLJET

NP KORNATI

NP BRIJUNI

NATIONAL PARK

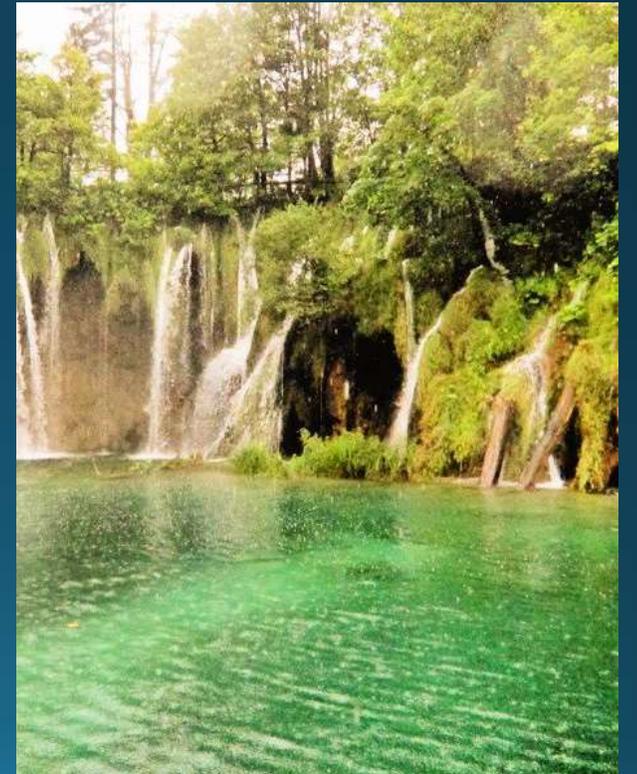

PLITVIČKA JEZERA

Spring

Summer

Autumn

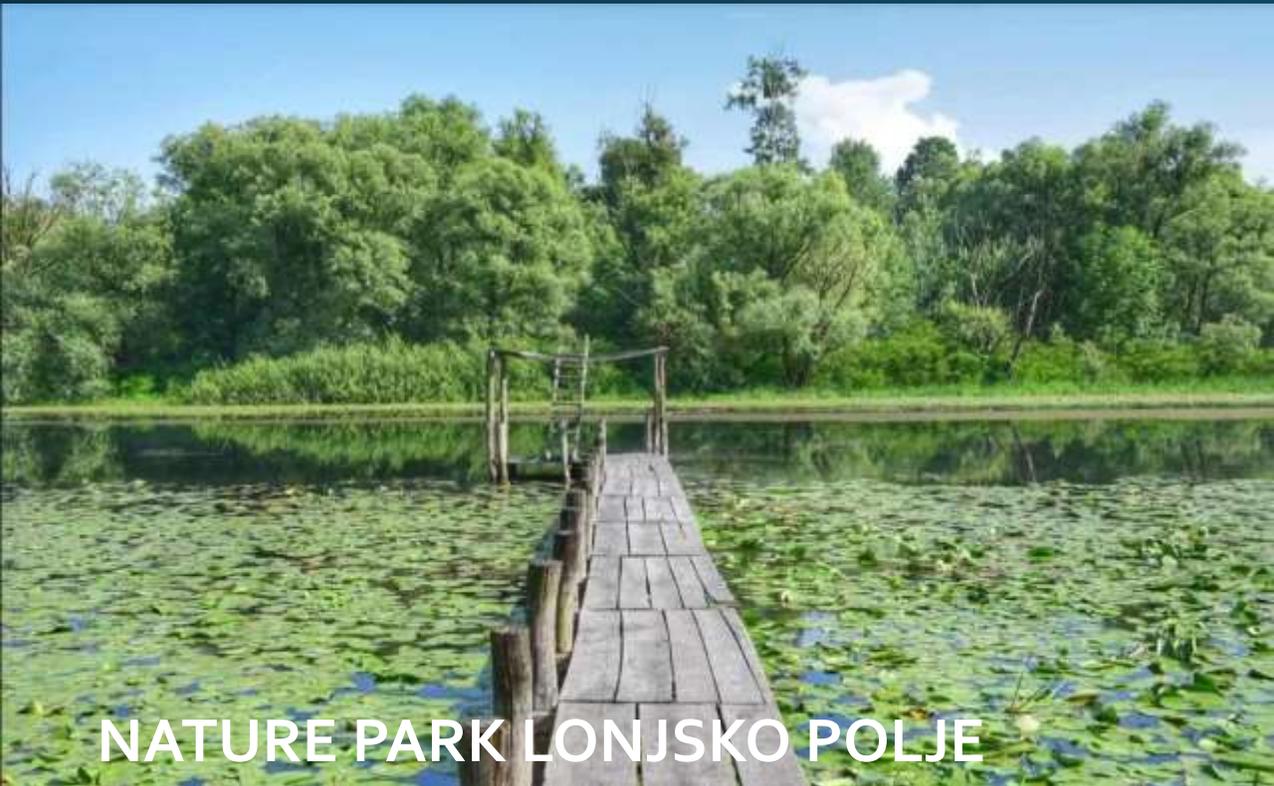

Winter

NATURE PARKS

NATURE PARK KOPAČKI RIT

NATURE PARK LONJSKO POLJE

NATURE PARK MEDVEDNICA

LAKES

- ❖ The lakes are divided into 2 groups: natural lakes and artificial lakes
- ❖ Vransko lake is the largest natural lake in Croatia
- ❖ 2 most popular artificial lakes in Croatia are Budek and Jarun, both located in Zagreb
- ❖ People often swim in Budek and Jarun (although its not recommended)

RIVERS

- ❖ We have many rivers that connect us with other countries: Mura, Drava, Danube(Dunav), Kupa, Zrmanja, Sava and others
- ❖ The longest river in Croatia is river Kupa
- ❖ Kupa is 296 kilometers long in Croatia
- ❖ The most popular river in Croatia is Sava
- ❖ There are around 30 big rivers in Croatia

WATER CARE

Croatia has people that are taking care of our water

Tips for taking care of water:

1. When you brush your teeth turn off the tap!
2. Don't take long baths, take a quick shower!
3. Water the plants with rainwater!
4. Don't be wasteful and save the planet!

WATER POLLUTION

- ❖ There is a problem with tourists that keep throwing garbage in the sea such as plastic: straws, bags, cups and more
- ❖ Most countries pollute their waters with trash from factories, but it is fairly minimal in Croatia!

HOW TO STOP THAT

1. Instead of plastic bags, use cloth or paper ones!
2. Recycle and upcycle!
3. Use natural energy(sun, wind etc...) and not non reusable resources!

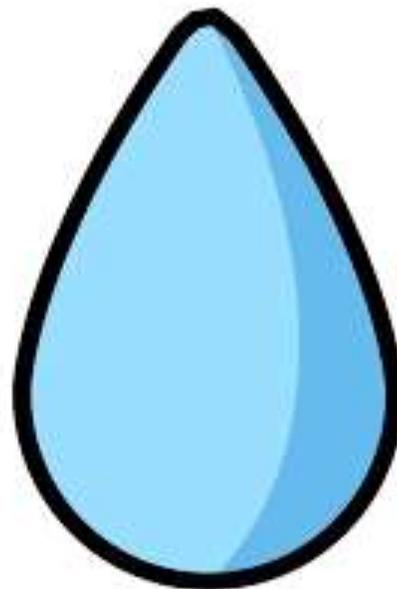

QUOTES FROM BOOKS

This life is like a swimming pool. You dive into the water, but you can't see how deep it is.

Water is life, and clean water means health.

If there is magic on this planet, it is contained in water.

QUESTIONS:

1. What is the name of our sea?
2. Name at least two lakes in Croatia.
3. Name at least two national parks in Croatia.
4. How can you stop water pollution?
5. Name at least two rivers in Croatia.

Thank you for your attention!!!
